### **EXAMINER'S AMENDMENT**

1. This office action is in response to the amendment filed on 3/10/2006. The examiner acknowledges the amendments to claims 1, 4, 10-12, 14 and 15 and the amendments to the specification. Claims 1-15 are currently pending.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
3. Authorization for this examiner's amendment was given in a telephone interview with Samuel Shiber on 5/17/2006.
4. The application has been amended as follows:
  - a. At claim 11, lines 2-3, "said distal end" has been changed to --a distal end--.
  - b. At claim 12, line 8, "said pilot that" has been changed to --said pilot wire that--.
  - c. At claim 14, line 8, "said pilot that" has been changed to --said pilot wire that--.
  - d. At paragraph 9, line 4 of the specification, "ontains" has been changed to --contains--.

Art Unit: 3736

5. The following is an examiner's statement of reasons for allowance:
  - e. Claim 1 defines over Weinrib (US 4,706,671) because the pilot wire (41) is permanently fixed to the distal tip (15) and therefore when the proximal tubular coupling (13) is rotated the tubular distal portion will not rotate; instead, the helical wire of the distal portion will either ravel or unravel around the pilot wire. Therefore, the tubular distal portion is not rotatable over the pilot wire.
  - f. Claim 1 defines over Shiber (US 5,135,531) because the exposed midsection of the pilot wire of the prior art, as defined in the Office Action of 12/12/2005, does not meet the Applicant's definition of "exposed" as stated in the specification in paragraph 48.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Apanius whose telephone number is (571) 272-5537. The examiner can normally be reached on Mon-Fri 8:30am-5pm.
